

Bobbin Drawing

A Sisterspeak Workshop: March 13, 2012

Sue Chaffee & Cathy Audley

Supply List

Sewing machine & basic sewing kit

Extra bobbin case -- (you will definitely need this if you decide to do lots of bobbin work, however, you can change the tension on your bobbin case for the class, if you feel comfortable doing this)

4-6 empty bobbins

Size 90/14 topstitch needles

Top fabric 12" X 45" (solids or reads-solid are good as they will not distract from the design)

Heavy-wt thread in colors contrasting to fabric, such as Pearl Cotton, Razzle-Dazzle, Sulky 12-wt, Crown Pearl. You will want thread that shows up against your fabric. (The Crown Pearl Cotton is my personal favorite.)

Regular sewing thread for the top to match your heavy bobbin thread.

Freezer paper or Sulky Iron-On-Tear-Away stabilizer

Pencil to copy pattern

Border fabric if you wish to put on a border

Batting and backing fabric

A fat quarter to practice

Free motion foot for your machine
